MBBS to PG in UK

A step towards being a world class doctor.

ABOUT US

GOLDEN DRAGON GLOBAL EDUCATION NETWORK PVT. LTD. was founded in 2003 as an educational consultant firm with the goal to help students achieve their dreams of being globally competitive doctors by guiding them for their career prospects and assisting them in the admission process into Indian and overseas reputed universities and colleges. We love to extend our guidance by assisting students in choosing their career options as they step onto a new journey.

Satisfaction of students and their guardians speaks about the quality of the services that we provide. Our relationship with them does not end with the contract of admission but runs through their whole course and even afterwards. Our long association with educational and related activities has helped us to understand the needs of the students better. This is what makes us an unmatched educational consultants for higher studies in Medical in India and Abroad.

MD/MS

Admission IN UK & SCOTLAND

MD/MS IN UK

Are you contemplating on where to do MD/MS after having successfully completed your MBBS degree? At such a crucial stage of your career, it is important for you to realize that an MD/MS degree from a reputed institution in an advanced country will prove to be the much-needed career booster for you. So why not consider options in a global power like the United Kingdom for MD/MS in the UK which consists of England, Wales, Scotland and Northern Ireland? The United Kingdom is a parliamentary constitutional monarchy and is a world leader in most of the aspects despite having faced two world wars.

CONSIDER THE FOLLOWING

1. More than 30 Nobel Prize winners in Medicine are from the UK.
2. Around 50 universities of the UK are listed under the top 500 medical universities by QS World University Rankings
3. Physicians from the UK have contributed in the discovery of split genes, researched on the chemical structure of antibodies, discovered penicillin, helped in discovering the functions of neurons, discovered insulin, worked on malaria.
4. These factors undoubtedly make UK a famous destination for pursuing MD/MS degree.
5. Universities in UK offer post graduation in clinical branches such as Cardiology, Pediatrics, Psychiatry, Orthopaedics, Gynecology, etc, with a course duration of three years. There are various non-clinical branches also available such as Pathology, Anatomy, Forensics, Pharmacology. Their course duration is two years.
6. There are three routes to study MD/MS in UK. The first one is through sponsorship. The second one is through PLAB test. The third one involves observership

1) PLAB ROUTE

PROFESSIONAL AND LINGUISTIC ASSESSMENTS BOARD (PLAB) TEST

Many medical universities in UK require that any student who has completed MBBS from a country outside UK and wishes to pursue MD/MS from UK goes through this test. One can apply for this test at the General Medical Council (GMC) website. The test involves two parts

Part I involves 200 multiple choice questions to test how you apply your medical knowledge in a given scenario. A short scenario is presented followed by a question and you have to choose the correct answer out of the given five options Fee- INR 20,691

Time limit-3 hours

Centers of British High Commission in India Mumbai, New Delhi, Kolkata, Bangalore, Hyderabad, Chennai

Conducted twice a year (in India and overseas), four times a year (in UK)

Results- four weeks after the test

Part II involves an objective structured clinical exam to test your clinical, practical and interpersonal skills, 18 scenarios will be presented to you in a mock consultation or acute ward setting.

Fee INR 75.568

Time limit-1 hour 40 minutes

Centre Manchester, UK

Conducted throughout the year

Results two weeks after the test

2) GMC SPONSORSHIP SCHEME (WITHOUT PLAB EXAM)

GMC Sponsorship Scheme

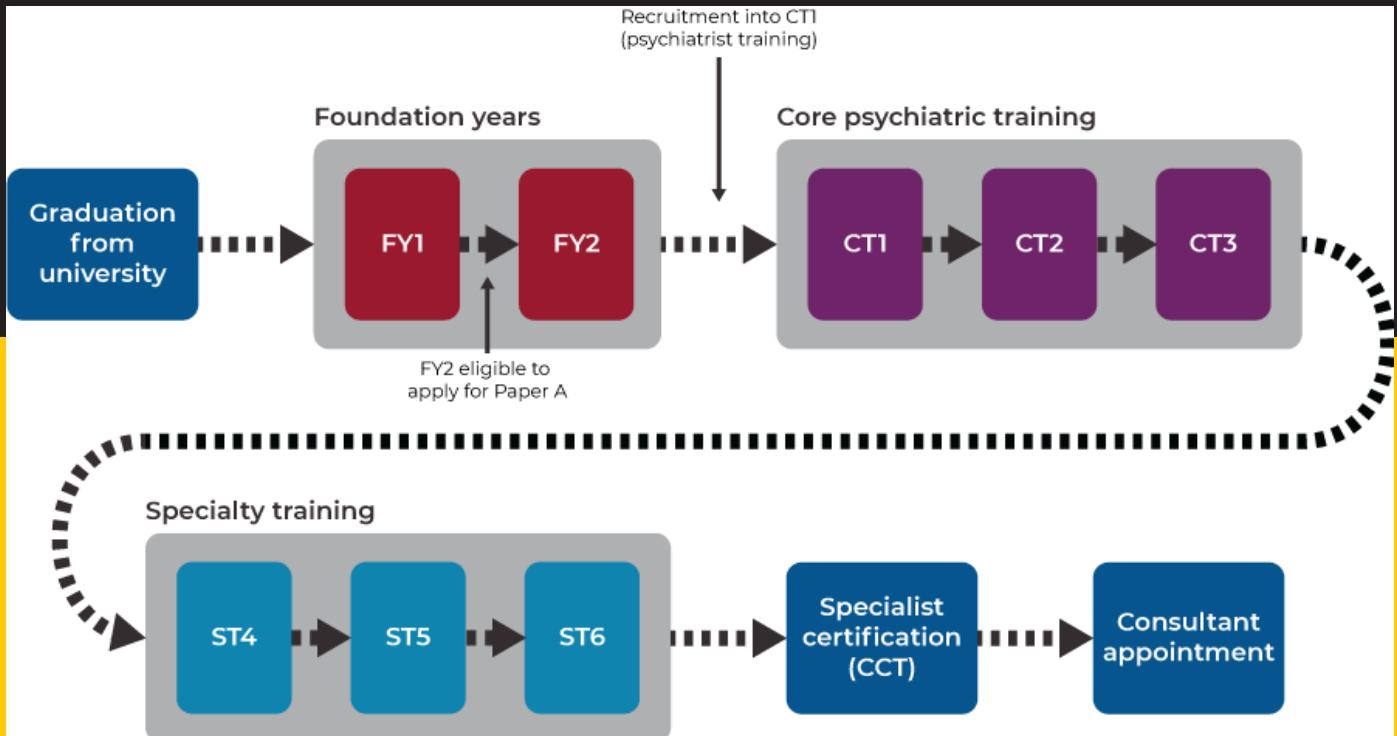

Basic criteria for GMC Sponsorship are

- 1) 2 years post MBBS Experience.
- 2) IELTS SCORE of 7.5 (mini 7 each), OET Medicine score B Grade.
- 3) Reference letter from any two clinical doctors.
- 4) LOP letter.
- 5) Interview pass from the respective university.

Note- IF YOU GET GMC SPONSORSHIP. THEN YOU NO NEED TO APPEAR IN PLAB. YOU WILL GET GMC LICENCE THROUGH SPONSORSHIP PROGRAM

Understanding of UK training post without MD/MS from the UNIVERSITY.

UK training post after MBBS IN india

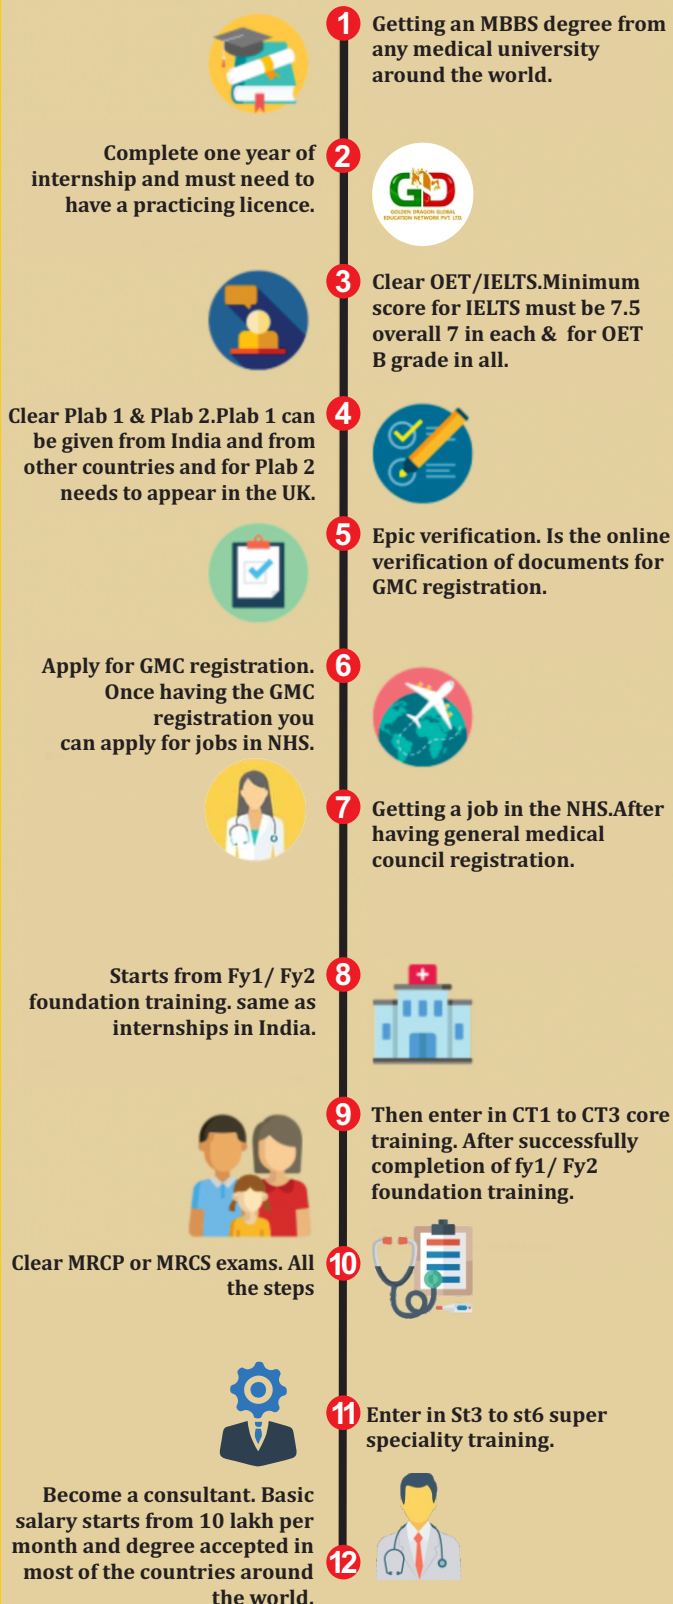

If you just have cleared the PLAB EXAM, your journey will start from FY1 (Like internship in india), after FY1 And FY2 if you are lucky then only u will get training post of CT1, after CT1,2,3, again you have to be lucky to enter in your willing branch in ST3 (AS A SUPER SPECIALISE). And during those periods you have keep collecting credit score and many more to get into thw training post. Some branches are next to impossible to get through this route, like surgery, raidology, cardiology neurology etc.

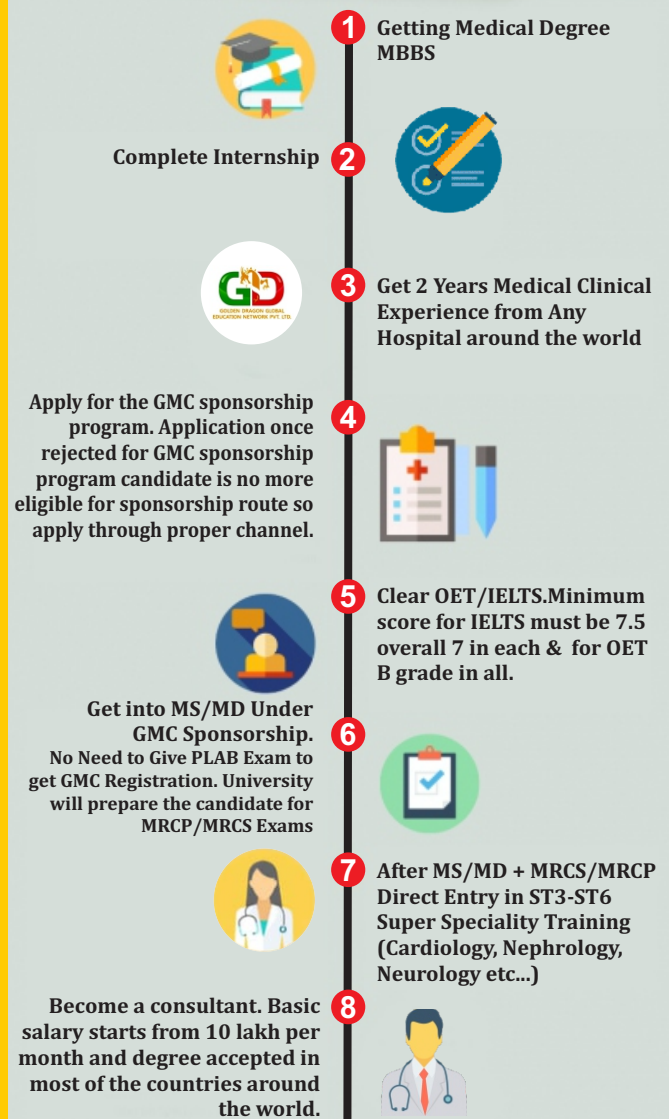

Benefits from MD/MS & GMC sponsorship.

- 1) If you get GMC Sponsorship, then you no need to give PLAB exam you will get permanent GMC licence from sponsorship.
- 2) Get Admission in MD/MS, university will trained you for MRCP/ MRCS. And handful clinical knowledge to become the best doctors of the world.
- 3) After your MD/MS + MRCP/MRCS - YOU CAN DIRECTLY ENTERN IN ST3/ST4 as per your willing branch. (all branches are open for UK MD/ MS graduates).
- 4) You will Get GMC Licence on 3rd Month of your joining, from the 3rd Month all GMC registered Doctors can work AS A SHO (MEDICAL OFFICER) and earn 50-55 pounds per hr.(about 4-5 lakh month) this way its easy to manage all your fees and expenditure by your self)
- 5) ALL MD/MS are recognised from RCP/RCS UK.
- 6) MCI CONCERN ALL 5 COUNTRIES DERGREES ARE VALID IN INDIA(UK, USA, SCOTLAND, NEW ZELAND, AUSTRALIA).
- 7) For MCI registration, students should have UK DOCTORS LICENSE, NO PGs from uk directly recognised by MCI. (GMC MUST REQUIRED)

JOURNEY to become a **doctor** in UK without GMC Sponsorship

JOURNEY to become a **doctor** in UK Through Sponsorship
